

# LIVE UNITED

United Way of Yavapai County

## Planting seeds grows Results you can SEE!

### Welcome to our new Family Members, PASS and Cornucopia

Prescott Area Shelter Services recently became our newest Program Partners. Their mission is to serve women, children, and veterans by providing temporary housing, resources, individualized case management, and a pathway to permanent housing.

[Read more about PASS here](#)

United Way of Yavapai county is proud to welcome Cornucopia Community Advocates in Sedona to our extended family! Organizations who feed the hungry need to provide more healthy food to meet the growing need. Cornucopia helps them achieve it through facilitating the transportation of food through linkages established between sources (i.e. farmers, grocery stores, etc.) and emergency food providers (i.e. food banks, Meals on Wheels, etc.) and preventing the 40% of wasted food by getting it to those who are food-insecure.

[Read more about Cornucopia here](#)

### What is Social Enterprise???

Many nonprofit organizations are social enterprises through and through: they don't rely solely on grants and donations, but also on income through selling goods and services. Social enterprises apply business solutions to social problems. The ultimate goal is to achieve

sustainability by enabling nonprofits to support themselves financially in innovative ways instead of relying solely on grants and donations.

## Workshop: Leveraging Leadership for Organizational Excellence on April 12th

Center for Nonprofit Excellence

United Way of Yavapai County

Leadership is not only a vertical function, but requires us to lead laterally as well. This presentation will provide a glimpse into the operational (people) and strategic (organization) leadership practices we can use to create an environment that is most capable of positive results.

Led by Scott Lewis, Lead Faculty for the Strategic Leadership program on NAU's community campuses.

Freeport-McMoRan Inc. is a leading international mining company with headquarters in Phoenix. This amazing company produces copper, gold and molybdenum. (Metals used in communications and many other technology driven industries.) United Way of Yavapai County is proud to partner with an industry leader such as Freeport-McMoRan with their strong commitment to not only safety performance and environmental management, but also the local community where it operates. Thank you to the Freeport-McMoRan Bagdad Arizona family of employees for changing so many lives by Living United!
