Majid Epitaph (Legacy) – I Want To Be Remembered!

A long time ago as a kid, I used to hear people talk about death and how they will go! I always wondered out aloud how I would go – if my turn came up next!

I always prayed that I would go sudden and people surprised he went away that fast! But I never want to cause trouble and inconveniences to others before I die – if I was to choose these things! But it is all in God Allah hands!

Anyway, I had this dream of 'dying by starvation' – I do not know what it meant! Was it going to be real as in the dream – or as a metaphor like liking to eat too much and getting fatter by day – and as now being diabetic case?

Or would it be like my late Father PBUH where he wanted food and water but was denied by The Doctors (they were using instead drips!) – because they needed to operate on his stomach – because there was a blockage in his small intestines – and till after the operation could be given food!

Anyway only God Allah SWT Knows these things best!

Sorry for a morbid subject!

Here lies a person who in all his life had acted and stood up for the rights of others – and to whatever extent and even harm and injury and damage to himself personally – and he went down that way!

Where he could change things himself he did – otherwise he spoke out for Change. Always wanted to be fair, just, professional, principled, correct and ethical in all things he did.

He wants to be remembered that way only!

Please Pray for Him – when they tell you he is gone!

This is Me!
