Orpheus

Orpheus Books was established in 1992. From small beginnings, we have grown to become one of the world's foremost creators of non-fiction, reference and "books plus" for children, specializing in the international co-editions market. Our reputation is built on the highly innovative nature of our concepts, our unusual and imaginative formats and the superb quality of our illustrations.

Working from our base in near Oxford, England, we have established close ties with leading publishers all over the world. Our books have been published in many languages, including all the major European languages, Chinese, Japanese, Korean, Indonesian, Arabic and others.

In 2014, we launched Q-files.com, the world's first free online encyclopedia specially designed for children. Comprehensive, in-depth and advert-free, it is aimed at children between the ages of 8 and 13. Q-files is now available to purchase as a series of apps, permitting offline browsing. Please visit www.Q-files.com to find out more.
