

Executive Memorandum

There will be no endorsing in primary races in 2018. Party Unity is the most important thing for us and we must keep the base together if we want to achieve victory. Chapters will not be allowed to endorse in races this upcoming election cycle.

We believe that the voters should decide these races and not political organizations like College Dems. Any obstruction of this standard will cause the organization to go into a period of disrepute and will be resolved accordingly.

John Carry Easterling III
President
