Rates for individuals

My standard rate for individuals is \$100 per hour for a 50 minute session.

Rates for couples

My standard rate for couples is \$150 per hour for a 75- 80 minute session.

Rates for families

My standard rate for a family is negotiable depending upon the size of the family. In most cases, having two therapists in the room is very beneficial. The finances to cover this would need to be taken into consideration.

Rates for groups

My standard rate for group participation is \$25 per person for the 50 minute group.

Reduced rates are available on a limited basis.
