#### **Returning Members:**

Please, brush up on the Rules and Regulations of the Club, in particular, Health and Safety and correct use of Machinery.

#### **Housekeeping:**

Please Remember, ALL members are responsible for Cleaning, Tidying and Replacing used equipment at the end of each session.

Lapidary Machinery in particular (Saws, Grinders and polishers ) requires Sponging down to remove debris and finished off with wiping down the 'entire' machine with a soft Dry Cloth to remove streaks.

'Cleaning' is a simple gesture to leave the equipment for the next session in a way you would like to find it yourself.
