Message – *Worship – Fit for God*

Prayer in Response to God's Word

**Celebrating our God**

*Let It Be Said of Us*

**Benediction**

**Continuing to Worship as We Go**

*Praise God From Whom All Blessings Flow*

## **VISITORS...**

Welcome! We are glad you are here with us today and hope you will return. We pray that you are blessed by our time of worship together. Please fill out one of the friendship cards found in the pew racks and place it in the offering plate. Thank you!

## **THANK YOU...**

✓ There are no adequate words to express our gratitude for all the prayers and support during Rich's emergency open heart surgery. Thank you also for all the hospital visits, cards, phone calls, texts, and the beautiful fall plant arrangement (which arrived despite the confusion regarding his legal name). Praise the Lord that he was already at Mercy when the actual heart attack hit and they were able to bump a less urgent patient to get him in surgery in time to save his life. He is still not resting as much or as comfortably as he would like, but is doing as well as can be expected, and is trying to rest and build up strength for the round of doctors' appointments, exercises and rehab that are beginning. Continued prayers are greatly appreciated!  
- Rich & Betty

✓ THANK YOU, THANK YOU, THANK YOU for your generous donations to the DMARC food pantry. Our goal was to fill the tank to overflowing and you certainly did do that with the 259 items donated. Your donations help provide food for those in need. Praise God for this opportunity to help feed the physical body, and pray that the spiritual needs may be met also.

## **REMEMBER IN PRAYER...**

- Elissa Maxwell
- Rich Swank
- Sarah Vande Voort's mother

You may have noticed the slides each Sunday have been looking a little fuzzy lately. That is because our projector is nearing its last gasp and the wiring is out of date. We have the funds on hand and set aside for replacing the projector; however, we would really like to replace the wiring as well which will also help with the visual clarity. The wiring project is fairly substantial and with materials and labor will cost approximately \$6,000. We have someone who is very familiar with Bethany's technology lined up to do the work, but first we have to have the funds. If you would like to contribute to this project, over and above your regular giving, please designate it and place it in the offering plate or give it to Dave Jansen or Susan Cowles. Thank you, in advance, for helping us improve our technology!
