The **VBS Offering** will be going towards purchasing First Aid Kits for the Schools in Samone Coleman's District in Gambia. Samone is the daughter of Heather Wood. Please see the information below from Samone regarding the kits. She is raising funds for 10 large first aid kits.

"The nursery schools in my catchment area are facing difficulties when it comes to providing adequate care to their students. Not one nursery school has a first aid kit, which means that teachers must escort students to the nearest health center or village health worker whenever an injury occurs. Some schools have been established for up to 20 years and have never had the means to provide first aid care. This takes away from students learning time and leaves young children unsupervised; as some nursery schools only have one teacher.

In order to assist nursery school teachers and ensure the safety of students, I am working to provide each school in my catchment area with a first aid kit. The Red Cross in The Gambia is able to provide kits with enough supplies for 50 people for 4500 Dalasi or \$100. There are 10 nursery schools in my catchment area so I've set a goal to raise \$1000 by September. I will also be organizing a first aid training with The Red Cross for nursery school teachers to ensure the kits are used properly before the start of the new school year.

Children, especially young ones, often get cuts and bruises as they play and that shouldn't take away from their access to education. The addition of first aid kits to the schools will make it so teachers no longer have to leave school in order to care for minor injuries."
