What Can I Do To Stop Brexit?

1. **JOIN** Leeds for Europe for just £2: www.leedsforeurope.org.
2. **MARCH** - Book a place on our coach to the Unite for Europe march in London next Saturday for just £27 – www.leedsforeurope.org/membership-and-payments.
3. **WRITE** to your MP. See www.writetothem.com for an easy way to do this.
4. **ATTEND** meetings and other events where our nation's future is up for discussion. Be reasonable and try to persuade those with open minds that Brexit will be a disaster for the UK.
5. **VOTE** for any candidate in any election – no matter which party they represent - if they give you a firm pledge to oppose Brexit in any way they can.
6. **SEND** a letter or email to a local or national newspaper making the case for why we should stay in the EU.
7. **FOLLOW** @LeedsEurope on Twitter or Leeds for Europe on Facebook.
8. **PERSUADE** your family, friends and acquaintances that the fight is not over and that Brexit can be stopped.
9. **DONATE** to Leeds for Europe. We need funds to pay for our campaigning activities, including room hire, leaflets, flags and banners etc. See www.leedsforeurope.org or drop a fiver in one of the buckets that we have in this chamber today.
10. **SPREAD** the word about Leeds for Europe and the many similar groups that are springing up all over the country.
11. **STAY** informed, both about the case for Britain remaining in the EU and about the illegitimacy of the referendum result. Read The New European every week; if your newsagent doesn't stock it currently - demand that they start!
12. **ARGUE** our case on social media sites. Don't let the Brexiters frame the debate and propagate their 'alternative facts'. Challenge and reject their lies at every opportunity.
13. **SUPPORT** anyone who you see or hear who is standing up for an open, tolerant Britain. Don't let their views be drowned out by those who seek to quash all dissent.
14. **DON'T** be silent - remember that when politicians tell you to shut up, it's time to start shouting!
