

Population Care Coordination

YOUR **STEP-BY-STEP
ROADMAP TO SUCCESSFULL
PHYSICIAN-PATIENT ENGAGEMENT**

Through Lifestyle Medicine Care Coordination

Denise Campbell, MSPH, CHES

POPULATION CARE COORDINATION

Blueprint

1 Lifestyle Medicine

Lifestyle Medicine Care Coordination is the evidence-based practice of partnering with lifestyle practitioners in assisting individuals and their families to adopt and sustain behaviors that can improve their health and quality of life.

Lifestyle-Related Risk – Risk for Progression – Risks for Complications – Risk to Quality of Life
