item	notes
General	
Successes <i>Things going well</i>	<ul style="list-style-type: none"><li>✓ Tuckshop garden producing Zucchini's they are being used in the chocolate zucchini muffins, zucchini and ham slice.</li><li>✓ Volunteers responding to calls for help</li><li>✓ order numbers are still increasing</li><li>✓ an increase in salad and fresh fruit orders. We have changed the grape cups to strawberry cups as grapes were getting to expensive and strawberry prices have come down.</li><li>✓ Internet problem has been resolved and has stopped going over our limit (Thank you Leah)</li></ul>
Roadblocks <i>Things getting in the way</i>	<ul style="list-style-type: none"><li>○ Volunteers gaps still ongoing.</li><li>○ Oven's are struggling to keep up on a Friday we have one oven that blows the mains when we have all ovens going. The two ovens on the right hand side are household ovens and I am unsure of their age they struggle to circulate the heat evenly and well when they are full. The ovens are also too low which means that the volunteers are having to continuously bend down to get the trays out and leaves little room to move this is a workplace health and safety concern that needs to be rectified with a commercially installed oven</li></ul>

### TUCKSHOP SUB-COMMITTEE REPORT

- o Not enough space in the Tuckshop and oven's to process over 200 orders.  
When we are making over 100 pizza's we do not have enough bench space to make them all we can make about 80 on the front benches but we have to wait to run them through the ovens because we have no where to store them once they are cooked and bagged.

#### Actions

#### Decisions

*Actions that have been implemented*

- ✓ I would like to thank Ron Fredriekson for looking at our Tuckshop tap and coming up with a solution to fix it

#### Recommendations

*Motions you want to raise*

The purchase of a new 10 rack oven to replace the existing two ovens.
