Q1: How do you feel about the use of the word “Slut” in this book? What are your thoughts on the notion of an “Ethical Slut”?

Q2: How does Ethical Sluthood battle Sex Negativity? Are there any ways that you think this could be problematic?

Q3: In “Building a Culture of Consent” Hardy and Easton have a section dedicated to folx who have been accused of sexual assault or misconduct. As we all grow in our journey to better understand consent, some of us may look back and see ways that we’ve made mistakes that have caused harm to others. How can we center the voices and stories of victims while still allowing space for learning and redemption for those who have caused harm?

Q4: Hardy and Easton close out Part 1 with a section called “In Praise of Monogamy”. Whether or not you are personally monogamous, what do you think are some of the advantages of and/or benefits to monogamy?
