

Mini ride-on scrubber dryer for large areas

Using the machine provides the same level of comfort as the larger ride-on scrubber dryer: The intuitive display shows all major functions including the battery level and a clear view of the water/detergent level indicator making it easy to control. Also adding to the user comfort is the USB-port for fast charging of cell phones and tablets. The large steering wheel and automatic breaking system ensures that the AS530R is easy to maneuver with a minimum of training. Another benefit is that the squeegee can be placed on the hanger behind the main body when the machine is driving through narrow passages. All handling can easily be carried out when it is time to empty, refill or clean the tanks of the scrubber dryer. Service and maintenance are also convenient, i.e. with direct access to dismounting or mounting of the driving motor if needed. All in all, the AS530R is easy to use and offers fast, effective cleaning at a very competitive price.

Picture shown may not represent model quoted

- An integrated on-board charger enables easy plug-in and battery charge at any outlet
- Water solution level indicator with volume visible on the tank
- Large opening to the 73 liter recovery tank allows easy cleaning
- Built-in squeegee hanging system on recovery tank for easy machine transfer in narrow areas
- Productivity: Working width 53 cm, Squeegee width 73 cm Versatility: Cleans tiled floors, vinyl, sealed wood, marble, concrete and other surfaces
- Efficiency: Speed 5.5 km/h, Climb rate 10% High performance: Brush pressure 23 kg, Brush speed 160 rpm Low sound level: 69 dB(A) enabling daytime cleaning
- Robust design: Front bumper, strong main frame and heavy-duty aluminum squeegee User-friendly dashboard: Intuitive display and buttons

The AS530R is the first mini ride-on scrubber dryer in the user-friendly Viper series, known for providing high cleaning efficiency at attractive prices. With battery and tank capacity to clean for hours, this machine is ready to take on areas of more than 5.000 m2. An ideal choice for cleaning in hotels, bus and train stations, supermarkets, exhibition centers, shopping malls, schools and other institutions.
