

## Compact and easy to use vacuum cleaners for everyday use

DSU product family has two products DSU 10 and DSU 12. They have different tank capacities, an ergonomic design and they are easy to service.

As standard, the machine is delivered with the following accessories: upholstery tool, crevice tool and round dusting brush. HEPA filter is optional for these machines.

- Easy to use. Main switch which can be operated by foot or hand, cord wrap and hook function, accessory holder, tube holder and HEPA filter option
- Simple and user-friendly. High manoeuvrability making transport easy
- Great value for money. ECO switch (not available on the DSU8/10) which can save energy in different cleaning situations.
- High motor power on 12L version improving cleaning efficiency
- High quality product

You will find it ideally suitable for daily indoor cleaning in offices, hotel rooms, small restaurants, retail outlets and light to medium duty applications.
