REFORMS RESULTS REPUBLICANS

"Being defeated is often a temporary condition. Giving up is what makes it permanent." Author unknown

Primary Results

- Governor:** Scott Walker
 - Lt Gov:** Rebecca Kleefisch
 - AG:** Brad Schimel
 - Treasurer:** Travis Hartwig
 - Secretary of State:** Jay Schroeder
 - U.S. Senate:** Leah Vukmir
 - 1st CD:** Bryan Steil
- Steve Nass, Amy Loudenberg, Tyler August, Cody Horlacher, Kurt Picknell, and Kristy Secord all made it through the primary as well.

Thank you to everyone who worked so hard!
Thank you to all of the candidates who ran a clean race and offered their talents to the betterment of our county, state, and country.

On to November 6th as one team.

Thank You!

It was an incredible August. Grace Hirte, Cheryl Grolle, Jerry and Laurie Johnson, Noah Strohm, Jacob Strohm, Ted and Alice Preiser, John Schmidt, Joe Rezek, Steve Nass, and Amy Loudenberg were a fantastic help at our booth at the Elkhorn Corn and Brat Fest.

Noah and Jacob Strohm were a huge addition to helping with lit drops and doing doors.

Our Roadside Rallies once again received more

thumbs up than one bird salutes. Thank you so much to Dave Sterken and his team in Darien; Joe Rezek, Larry and Nancy Nau, and Seth Schmidt in Delevan; Alice and Ted Preiser, Pam Hartwig, and Trudy Schulz in East Troy; Barb Braden in Lake Geneva; Laurie and Jerry Johnson, and Mike Strohm in Lyons. You all are AWESOME!

New members Don and Margret Wiskowski have been absolutely outstanding with doing doors, phone calls and staffing the EH. Thank You.

Thank you to Jerry and Laurie Johnson, Margret Wiskowski, and Joe Rezek for calling our members on primary eve and reminding them to vote.

Hispanic Outreach

We were able to run 3 separate ads in El Tiempo newspaper, all in Spanish leading up to the August 14th primary.

One of our Hispanic outreach contacts posted our Spanish ads on Facebook and at the time of this printing we understand there were not less than 3 shares of that post. Our perception is that is huge progress!

We were also told by a representative from RPW that we were the only county that had such an outreach effort in the entire state.

Chairman’s Closing Comments

On August 15th I had the privilege of attending the Racine County GOP Pints and Politics held at the Reef Point Brew Haus at the Racine Harbor. Very well done Lisa Bell Racine County GOP Chair!

During the event the Racine County Executive Mr. Jonathan Delagrave and Mount Pleasant Village President David DeGroot presented information on Foxconn and answered questions.

I am in awe as to how big this Foxconn thing is going to be for Wisconsin.

The very first thing I need to clear up is there are absolutely no corporate give a ways by the state.

Foxconn MUST reach and complete a series of set milestones. As each milestone is met then and only then does Foxconn receive a tax incentive. NOT a single penny is coming out of taxpayers’ pockets or the state’s budget and going into Foxconn’s coffers - it’s all incremental tax incentives.

Projections are that Foxconn will bring in over \$13 BILLION into the state’s economy and hire over 13,000 employees. It is projected those jobs with benefits will average \$27 - \$28 an hour starting wages.

By 2020 it is anticipated the Foxconn facility will be about 3-5 million square feet and by 2024, 18-22 million square feet.

70% of the Foxconn employees must come from Wisconsin of which 45% must be from Racine County.

Foxconn, Racine Unified School District, and Gateway Technical College are closely coordinating on the specific educational and training Foxconn will need to fulfill its manufacturing needs with Wisconsinites.

The group was told that Foxconn will result in no tax increases in the village or county. They anticipate property values to increase and as that occurs the county and village will evaluate the mill rates and overall property taxes.

NOTE: Personally I suspect many parts of WALCO will become bedroom communities and our property values may go up. Maybe now is the time to start talking to our own local elected officials.

Foxconn for each acre of wetland used will replace it with 2 acres. Both the executive and president were adamant that Foxconn is incredibly environmentally friendly and will abide by or exceed EPA and Wisconsin DNR standards voluntarily.

One of the questions was in regards to water from Lake Michigan use. According to the executive and president, if I heard them correctly, Foxconn will use less water from Lake Michigan than all of the breweries combined back in the heyday of brewing in Milwaukee.

Foxconn is going to be huge for us. Any candidate for office who says they will shut down Foxconn or it’s a corporate give-away, I believe is very mistaken and uninformed.

God Bless and please VOTE November 6th.
