

Rocky Pool Walk

To help reduce the spread of Phytophthora Dieback along this walk trail and in the surrounding area:

- Don't spread soil or mud around bushland, in particular during spring & autumn;
- Stick to tracks & paths;
- Observe signage in your local bushland reserve and stay out of quarantined areas in bushland.

Rocky Pool Walk

Walk Trail Information

Distance: 5 kms

Time: 1 ½ - 2 hours

Grade: 5

Location: At the end of Spring Road, **Kalamunda**.

Description: This loop walk in the **Kalamunda National Park** has some difficult steep loose descents. There are beautiful views with many wildflowers and creeks which run in winter. It includes a section of the Bibbulmun Track.

Trail markers for this walk are [blue](#).

Trail Notes:

Start point: Car park at the end of Spring Road. Leave the car park and head in a Northerly direction.

1. At the T- junction take the left fork and walk uphill.
2. Ignore a track to the left and continue on the main track.
3. At the T junction take the right fork and cross a small water course.
4. At this point, leave the main track and take a branch to the right. The point is indicated by a sign and a large cut log to the right of the track. This is the most distant point from the start of the walk.
5. The descent here is loose and stony, and crosses a rocky water course with a rock formation resembling a ram's head.
6. A divergence in the track. In winter, due to the flow of water, it is necessary to deviate to the left through a grove of saplings. The track is indistinct but generally follows the creek line. Look for a blue marker on a dark Red Gum.
7. A bridge across the water course, directly under a high tension power line.
8. Leave the power line and veer right on a well made track following Shire of Kalamunda walk trail signs.
9. Rocky Pool, a spectacular pool with large granite boulders. There is water here for most of the summer.
10. The Bibbulmun Track joins the track from the left.
11. Turn right off the formed road, following the Bibbulmun Track markers. The turn is further indicated by a trail marker on a large post on the left of the road.
12. The Bibbulmun Track turns left and heads up the hill. Leave the Bibbulmun Track here, cross the water course to the right.
13. After crossing the water course, turn left.
A Shire of Kalamunda walk sign on a tree directs you to the left, back to the start point.
