### The Story:

Henry's Place was established in August 2016 with the idea of offering something different and unique to Meridian Township. Henry wanted to offer a small scratch kitchen that appeal to all ages. The food choices on the menu were inspired by the east coast and the Midwestern cities where Henry as born and raised.

Henry's love for craft beers, specifically IPAs, led to 24 tap handles as the focal point of the bar. Whether it's a Michigan or another State's craft beer, Henry wanted to give you a great line up. His love for bourbon and whiskey has led to a diverse selection. Our specialty cocktails are a representation of urban chic that are refreshing and aromatic due to our craftsmanship.

The wall décor pays tribute to the rich legacy of Meridian Township. The plethora of large HD TV's are meant to provide you with all your sports needs but most importantly MSU sports. You may see Henry having conversations with customers, cooking on the line or running your food. Our staff welcomes you to our house like it's your home.
