

Batavia UMC ASP 2017 Summer Mission Trip 100 by 2020

ASP Teen Leadership Application – Due November 6

The upcoming Mission trip will include a new role for 2017, ASP Teen Leaders. Applications are required and a limited number of Teen Leaders will be selected.

The ASP Teen Leader acts in a manner full of integrity, respect and humility and is primarily responsible for assisting in the planning of the trip as well as guiding missionaries as they prepare for the trip. An ASP Teen Leader demonstrates the following leadership qualities: great time management and organization; consistent communication skills, specifically in responding to emails and texts in a timely fashion and passing along information; positive social skills to interact with and encourage new youth and adults; a willingness to share and grow in your Christian faith. Interesting and new duties during the week of mission also come with important sacrifices.

To be very clear this new leadership role involves a commitment by the missionary that begins in mid-November with mission planning and continues through the entire 2017 mission week. Prayerfully consider if the teen leadership role is for you.

The application for this leadership role can be found here: [ASP Teen Leader Application](#)
