## YOU ALWAYS HAVE OPTIONS IF YOU HAVE BALLS

Iron Balls Gin is meticulously crafted at  
A R. Sutton & Co Engineers micro distillery - in the heart of Bangkok.

Production is extremely limited, for this reason master distiller Ash Sutton chooses to use the best possible ingredients available and in-turn craft an artisan spirit that is beyond measure.

- Quality over quantity - as the saying goes.  
Iron Balls Gin is handmade from fermentation to distillation using freshly cracked coconuts and pineapples with hints of juniper, hillside ginger and lemongrass. A great refreshing gin & tonic served on ice with fresh slices of pineapple, basil and a squeezed lime.

The number eight in Hennessy-8 is emblematic at multiple levels. A symbol of perfection, the number also refers to eight successive generations of Hennessy Master Blenders, as well as the eight exceptional eaux-de-vie in the assemblage. Seven were meticulously selected by Yann Fillioux to illustrate each generation of Master Blenders. And the eighth was chosen by his designated successor, Renaud Fillioux de Gironde, who will shortly become the eighth generation of Master Blenders from the Fillioux family to orchestrate Hennessy creations, having been a member of the tasting committee for the past 14 years.
