## HERO FEATURES – POS & TICKET

- Meet your Google Assistant.** Ask it questions. Tell it to do things. It's your own personal Google, ready to help.
- A lifetime of memories, unlimited.** Unlimited online storage for photos and videos in Google Photos. *Data applies for uploads and downloads.*
- Your photos, smarter.** Crisp photos, even in low light. All automatically organised. Find them fast, Share them fast.
- Your battery, charged fast.** Up to 7 hours of use from only 15 minutes of charging. *Actual battery performance varies. Google charger required, charging speed varies depending on depletion of battery.*

## CUSTOMER PROPOSITION (USP'S)

**Google Assistant - Your Assistant, ready to help.**  
Your Assistant, ready to help. Ask it questions. Tell it to do things. It's your own personal Google Assistant. Your Assistant knows everything from the web, and how to get stuff done in the real world — from identifying the fastest route to the theatre and finding the perfect spot nearby for a bite afterward. Just say "OK Google" or touch and hold the Home button to start."

**Google Photos, Memories Unlimited.**  
With unlimited storage for your photos and videos in Google Photos, you'll never have to delete an old memory to make room for a new one, and with Smart Backup turned on, you never have to worry about backing up your photos and videos. Store unlimited photos and videos in Google Photos at full resolution for free for the life of your phone. Data applies for uploads and downloads.

**Camera & Photos - Your memories, never missed.**  
Take crisp photos, even in low light. #nofilter needed. Then find & share them using Google Photos. Double-tap the power button to quickly launch the camera and take a picture. Showcase the camera's low-light capabilities by taking a photo in dim light, preferably early morning or evening. Open Google Photos and find a photo easily by searching for the thing or place in the photo. For example, just search "dog" to find all the photos of your pup.

**Google Duo & Allo - Your closest, Friends, closer.**  
Meet Duo and Allo, new apps for simple video calling and smart messaging made to keep you close with the people that matter. Google Duo, the new video calling app, brings you face-to-face with people you care about across Android and iOS. With Knock Knock you can even see the caller before you pick up. "Google Allo is a smart messaging app that helps you say more and do more. Bring your personal Google Assistant into any chat so you can look up movies, find restaurants, and get directions." Google Allo lets you express yourself better with stickers, doodles and HUGE emojis, respond without typing by using smart replies, and much more."

**Pixel, Phone by Google**  
The first phone made by Google. Your phone by Google is ready when you are and is fast and easy to use with a clean experience. Pixel Imprint uses your unique fingerprint to unlock the phone fast, giving you fast access to all your apps, texts and emails — and it's on the back of your phone, right where your finger expects it. Get 7 hours of battery life with just a 15-minute charge. *Actual battery performance varies. Google charger required, charging speed varies depending on depletion of battery.*
