# HELLO!

Congratulations on your engagement and thank you for your enquiry! Seeing you most likely haven't had to arrange wedding stationery before I have listed below quite simply the main questions asked by brides-to-be! It all starts with the invitations!

## THE PROCESS

All prices include custom design and the hand work needed to construct item.  
Prices do not include GST and delivery.

There is no limit on the design revisions, as long as an indication of the style you are after is discussed at the beginning, I work on the design until you are 100% happy.

As all of my work is custom designed it's always helpful to let me know the style you are wanting, whether that be through Pinterest pages or any images you are able to send me for inspiration so we can ensure we are on the same page.

A digital design proof is emailed to you for your viewing, here you can make revisions and further proofs are sent to you until you say 'let's print!'

My turnaround time is approximately 6 weeks. You should receive an initial design proof in the first 2 weeks from the date the deposit is received.  
(some items such as Save the Dates and Place Cards have a shorter turnaround time).

To proceed with any work I require a 50% non-refundable deposit with the balance due upon completion. You will receive an invoice for the total however only 50% of this is required to begin.

If you are after something that is not listed or a specialty item such as foiling or letterpress please contact me for a separate quote.

## WHO AM I?

I am most likely just like you! I am married with two little boys and live on the NSW South Coast. My job allows me to work anywhere and I can often be found in Canberra as well. The beauty of online is I can work with (and do so on a daily basis) brides from all over Australia and even some overseas.

I love what I do and aim to make the process as fun and enjoyable for you as it is for me. I am easily contactable and always happy to answer any questions you may have.
