Grades in all ensemble classes are broken down into two categories:

- Musical Proficiency
- Program Responsibilities & Performance Attendance

## Musical Proficiency

Musical Proficiency assessments measure growth in musicianship and technical ability. Musicianship refers to applied musical knowledge as it manifests itself in their ensemble skills. Technical ability refers to the skill with which they manipulate their instrument (including voice).

Musical Proficiency scores will be determined through regular performance evaluations each quarter, as well as other assessments (e.g. Mighty 100s). Assessment details will vary and are tailored to the needs of each class. A written midterm and/or final exam may be given during the regular school exam period, but is unusual. Check with your teacher to find out if there is a midterm and/or final exam.

## Program Responsibilities

- **Daily Participation** - All students are expected to participate fully in ensemble rehearsals and activities every day. Students should model self-discipline, responsibility, and exhibit a positive attitude during classes and rehearsals.
- **Daily Preparation** - All students should arrive prepared for class with the appropriate materials and all assignments completed. To be considered prepared for class, students must have their music, a pencil, and their instrument in good working order.
- **Class & Rehearsal Attendance** - While class attendance is mandatory, absences can have a serious negative effect on the ensemble as a whole. Cutting class (in whole or in part) will have a negative effect on a student's grade. This also applies to rehearsals scheduled outside of class time.

## Performance Attendance (see reverse for this year's required performances)

All curricular ensemble members are required to attend all performances of their ensemble and a grade is attached to each performance. Performances are considered to be part of the class, and any absences are handled as if the student had missed a day of class. If a student is absent from a performance, one of two things will happen:

- excused absence - student will have the opportunity to complete an alternate assignment to make up the points from the performance.
- unexcused absence - students with an unexcused absence do not have the opportunity to make up the points from the performance.

In accordance with LMHS and Music Dept. policies regarding unexcused absences and making up missed work, missing a required performance without making up the work will result in a maximum grade of a "D" for the quarter.

Students must also come to required performances wearing appropriate concert dress. For curricular ensembles, there is a uniform concert dress that can be purchased through the music department. If available, lightly worn or like-new concert dress may be obtained at a discounted cost.
