VOLUNTEER OPPORTUNITIES

2015

Angelic Rainbow Enterprises, LLC

Angelic Rainbow Enterprises, LLC. is an organization that caters to at-risk youth. We have three different departments. **Cages 2 Wings** provides personal development services and programs in the form of workshops for life/social skills and brain training. **Butterfly Wings Productions** is a studio for youth to express themselves creatively and safely; and **Miss & Mister Teen Mastermind of the USA** is a pageant system that focus on mastering the mind and inner beauty. We are also a learning organization. We require knowledge and innovate fast enough to survive and thrive in a rapidly changing environment. The goals of a learning organization are (1) to create a culture that encourages and supports continuous employee, volunteer learning, critical thinking, and risk taking with new ideas, (2) allows mistakes, and values employee/volunteer/ contributions, (3) learns from experience and experimentation, and (4) disseminate the new knowledge throughout the organization for incorporation into day-to-day activities. Thus we are constantly searching for like-minded individuals that are motivated by learning and seek to broaden their horizons innovatively and through service. Volunteering is all about service and we welcome all that perceive it as such. We are looking for individuals that support our mission, goals and values and see youth as valuable and important assets to our planet and our future.

Our expansion can only be possible with the help of like-minded individuals like you who are interested in giving of your spare time to cater to our teens and help us keep Cages 2 Wings going in an upward and forward motion. If you are interested in volunteering as an instructor for one of our programs, or any open positions below that may interest you, please fill out our volunteer application. ## **MISS & MISTER TEEN MASTERMIND - **MMTM Brainy****

### **Pals**

We have a separate pageant system that acts as our third department, but also a separate entity. We have pageants all across the United States and hire Directors in every state. The National office in California and the Directors in other states are always in need of assistance which can include anything such as judges to contestant's coordinator, and emcees to ushers and so much more. If you are a parent of a contestant or just want to help out with any pageant you can become a Brainy Pal member and you will be assigned to a pageant and director in your area. Directors also are automatically Brainy Pal members when they sign up and are contracted with our pageant system.

Directors, we know you support and love your contestants and we are grateful to have you on board and dedicated to our mission and goals to assist them in their quest to master their minds and become excellent citizens on this planet. But what if you could take it a step further and even join your volunteers, helpers and committees in an extra way. Become a Brainy Pal member and encourage your volunteers to become members as well. You can do more to support contestants, and reigning queens and kings like giving them support from a distance, providing resources after their reign or once your pageant ends, gathering after pageant mentors to make sure your contestants remain on the right track and are fulfilling the goals they set out to fulfill when they were contestants or queens and kings. Stay connected and open more doors to obtain more contestants and support more contestants. View the details about benefits, perks, and guidelines on the website at <http://www.missnmrteenmastermindusa.com/directors/brainy-pals-membership/> if it piques your interest fill out the membership form and get ready to do greater things for the youth on this planet!
