TESTIMONY SUBMISSION POLICY AND GUIDELINES

1. Submitted testimonies must involve witnesses who can also testify to the event or circumstances.
2. Submissions should consist of testimonies only, along with your name, the city and state you live in, and the reason you decided to share with us.
3. There is no monetary compensation involved should your testimony be selected.
4. Though we appreciate and treasure all accounts that give testimony of the goodness and power of our Heavenly Father, your submission does not guarantee selection.
5. If you use Facebook or Twitter and want your testimony reviewed privately, please make sure to use both platforms' private messaging features.
6. Testimonies that cannot be seen or read clearly will be omitted.
7. Please endeavor to limit your account of the event or circumstances to no more than a five (5) minute video, or 500 words.
8. You will only be notified if your testimony is selected to be featured as part of the storyline for one of our Street Light episodes.
9. Street Lights is currently under development. We have a long road in front of us before we begin production. In preparation for all that is ahead we have launched our THE ALMIGHTY WORKS COMMUNITY during the show's development stage. As part of the community you will be kept abreast of our progress and the date and time the Series will air.
10. If your testimony is selected you will be provided a release form allowing us to use your testimony as part of the series. You along with other pertinent parties involved will be provided with transportation to our studio where we will film an interview of you sharing your testimony. The interview will be featured at the conclusion of the episode in which it was used.
11. Additional information will be provided for those whose submissions are selected.
