To Whom It May Concern:

If Florida Gulf Coast University could benefit from an Ivy League-trained educator with a successful record of leading organizations, serving the community, and developing the next generation of professionals, please look no further than the attached resume. After reading your requirements for the President position announcement, I am certain of my ability to excel in this capacity.

Throughout my 20-year career, I have established a reputation as a transformational leader who is driven by challenge, undeterred by obstacles, and committed to furthering standards of legal and governmental excellence. My expertise includes my most recent service as a Pennsylvania State Senator, dedicated to great schools, good jobs, and government reform. Further, my ability to teach students, develop and implement strategic plans, and mentor others has been repeatedly proven. I currently seek to bring these strengths and more to the team at the university.

Please consider the following highlights of my qualifications:

- Veteran government official achieving results in a fiscally responsible, transparent, and accountable manner.
- Experienced educator, attorney, and agency leader overseeing multimillion-dollar budgets, developing professional teams, and exceeding client and constituent expectations.
- Dedicated professional committed to strengthening communities by bringing vast knowledge to for-profit and non-profit entities.

I look forward to meeting with you and learning more about your goals for this position. Until then, thank you for your consideration.

Sincerely,
