Please answer the following "yes-no" questions concerning the Kennel Technician position .

The primary function of this position is heavy cleaning of the kennels on a daily basis. Do you feel you are physically able to accomplish this in a reasonable amount of time?

Another responsibility is animal care (checking for signs of illness, working with animals who have behavioral problems, separating animals that are aggressive toward one another, etc.) Do you have the desire to work that closely with large dogs?

Are you physically and mentally capable of giving injections to animals for medical purposes?

In keeping with our Mission of being a no-kill shelter, we maintain an aggressive adoption program. This means learning the traits, characteristics, and weaknesses of the animals in our care and talking at length with prospective adopters to effectively match the animals to the best and most appropriate home. Do you possess the "good salesmanship" qualities necessary to deal with the public in this manner on a day-to-day basis?

Do you own pets? If yes, please list:

Are your pets spayed/neutered?

If applicable, please list your Veterinarian's Name & phone number.

The information that you provide on this application is subject of verification. Falsifications or misrepresentations may disqualify you from consideration for employment or, if hired, may be grounds for termination at a later date.

With my signature below, I certify that all information on this and all attached pages is true, correct and complete to the best of my knowledge and contains no willful falsification or misrepresentation.
