*(Bagan with the advent of the 11th century and till the end of the 13th century, kings, generals and dignitaries spared no effort to have brick put upon brick, to build temples and pagodas one after the other with the solitary aim of favourably influencing their re-incarnation. It is believed as many as 12,000 temples and stupas once stood in the area; however, invasions, war and natural disasters have reduced most of these to rubble. Despite this, Bagan is home to more than 2,200 standing ancient temples today and as such, is Myanmar's greatest architectural site. As there are more than 2000 temples & stupas. Indeed it is difficult to cover all temples within limited time. Therefore we have carefully selected only some major temples for you in order to avoid hectic tourism.
