

Citizen Coalition for Wildlife and Environment

Membership Application

Join the *Citizen Coalition for Wildlife and Environment* where citizens work to educate and promote awareness on topics and issues concerning wildlife and the environment and where the community comes together to advocate for the protection and preservation of our natural resources.

Being part of the Citizen Coalition for Wildlife and Environment means:

- * Bringing together individuals, organizations and agencies for collective strength and action
- * Staying informed on topics, issues and actions that affect wildlife and the environment
- * Receiving notices of educational events, meetings and trainings
- * Being apprised of local, state and federal legislative actions and initiatives
- * Advocating for protection of the environment and for compassionate coexistence with wildlife
- * Being a member of a collective voice that speaks and acts for wildlife and the environment

Citizen Coalition for Wildlife and Environment Mission Statement

We aspire to be the voice of the wildlife and the stewards of our environment. Through education and action we resolve to protect our ecosystems. We know that working to improve the environment and the lives of animals will improve our lives as well.

We join together to encourage and enlist citizens in the practice and promotion of compassionate coexistence and the realization of a kind and compassionate world.
