

Call To Artists:

The SouthShore Arts Council is seeking to commission public art for the South Hillsborough County Community. The SAC is requesting a letter of interest and qualifications from local and regional artists who have an interest in creating work in the public realm that is interactive, collaborative, or involves community engagement. There are no set guidelines to the nature of the work or end result. The SAC would prefer to allow the artist or artists to respond to the community or site in their concept development.

VISION FOR PUBLIC ART In South Hillsborough County

The South Shore Arts Council seeks artists or artist teams to engage Community Members in South Hillsborough to:

- identify a common voice among the various communities which comprise SouthShore. This includes, Apollo Beach, Balm, Gibsonton, Ruskin, Riverview, SunCity Center, and Wimauma. Presently, these geographically close but disparate communities, struggle to find common threads among their differences. This project can help to reconnect these communities culturally.
- respect and celebrate the different characteristics of the communities of South Hillsborough with public art appropriately tailored to the character of each neighborhood, reflecting community image, culture, identity and natural environment.
- showcase how high quality, publicly accessible works of art can contribute not only to the urban landscape, but also the suburban, rural and natural landscape to create a sense of place.

SouthShore Community Arts

The SouthShore Community Arts is a project of the SouthShore Arts Council, Sponsored by the Community Foundation of Tampa Bay, The South Shore Chamber of Commerce, and the Black Rock Arts Foundation. In the recent past this program has produced three successful mural projects ("Head Heart and Hands", "Seed to Bloom", and "Best Little Town") and a nationally recognized community based documentary film ("South County") completed, we would like to build on the foundation of these projects, and implement an ongoing program. The program will allow experienced artists to connect to the South Hillsborough County region and work with community members through the process of public art.
