Be mighty. Not only is this a nice phrase that includes part of our name, but it embodies the strength of our NICU babies, along with the toughness that their families demonstrate, when in reality they might not feel tough or mighty at all. Mighty Miracles Foundation exists to support and empower families that find themselves going through this unexpected journey. To help them be mighty for their mighty miracles. We need your help. It takes a mighty village as we continue to support these families and to provide resources to every family that requests one of our care packages.

So it is fitting that as we ask for your support for our fundraising event, that our host is none other than The Patriot Golf Club. The Patriot is the very definition of mighty. This breathtaking venue located in Owasso, OK is a tribute to America's heroes, the spirit of patriotism, golf's greatest traditions, and home to The Folds of Honor Foundation.
