

Relabeling Program

Tear Away Labels

Our tear away labels provide easy removal to aid with relabeling, private label and heat seal programs. All of our labels are available as tear away except the 1101, giving you the ability to showcase your own brand.*

*Some styles may not be available with a tear away label until the current inventory is sold through.

Build Your Own Brand

Alstyle is known as one of the top relabeling manufacturers in the US. Our Relabeling Program allows you to create your own brand with a customized label. This program is a convenient and effective way to introduce your brand into the marketplace or build on your current brand identity.

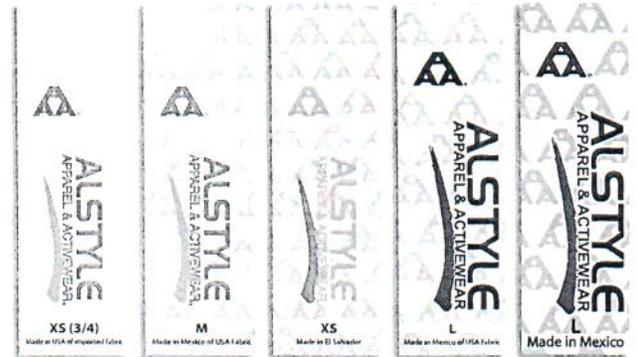

When relabeling a woven label, we place your label under the neck tape, so it appears as if the label was inserted in the production process.

When relabeling with heat seal, we completely remove our neck label, and insert yours in the desired location. In the event that you'd like to add a clip label, we can do that too! We also offer the option of a pre-made joker tag, stating all legally required garment information.

Get started with orders as small as 48 dozen. Lead time is typically 1 to 3 weeks, depending on the size of your order. Label art and credit approval is required before we can start the relabeling process.
