APPAREL & ACTIVEWEAR

2018

Made to move

At Alstyle, we believe that life is meant to be lived comfortably and in style. Our heritage is rooted in California, and we've been crafting cotton and fleece garments for more than 40 years.

Our style may be laidback, but our standards are not. We use high-quality materials to ensure that all of our pieces, from our adult sweatshirts to our youth ring-spun cotton tees, are made to move, no matter if it's time to get to work, hit the beach or have a fun night out. With details like double-needle stitching and shoulder-to-shoulder taping, we're confident that our clothes will stand up to life's adventures, from the extraordinary to the everyday.

Alstyle® tees, tanks and sweatshirts are available in a variety of colors and hues in brilliant, eye-catching shades. There's a choice for every style and occasion.

Looking to strengthen your brand identity or debut a new brand? Don't miss the chance to participate in our Relabeling Program (page 5)—and get ready to make your mark in Alstyle®.

Default, delay, or defect in any one or more shipments will not affect the balance of the order. Partial shipments may be made. Alstyle® will not be responsible for non-delivery, loss, or damage during shipment. All merchandise is shipped FOB origin. Alstyle® will ship merchandise in the manner specified by the customer whenever available. All freight claims for missing or damaged merchandise must be filed directly with the carrier, except for UPS and FedEx shipments.

Export Shipments

Alstyle® can only ship within the United States to US customers and within Canada to Canadian customers. We can ship to a freight forwarder of your choice within the contiguous US. You can then export the goods to your location. Shipping to your freight forwarding office will result in additional shipping and handling charges.

Many products that have been imported into the US or Canada cannot be exported to other countries. It is the customer's responsibility to check with their freight forwarder to confirm foreign documentation requirements and verify that items to be exported will be released by customs at the final destination.
