

OTRCAPITAL

WHAT IS FACTORING?

Factoring is a service that provides not only immediate cash flow, but also billing, collecting and accounting services for your growing business. After the load is delivered, the factoring company will process the invoice, send you a direct deposit, and then bill the broker for you. All of this is done the same day you submit the invoice, so you get paid in less than 24 hours. Factoring makes growing your business easier and faster than taking quick pays. No more couple of percents here and there, you have one rate and one company that will accurately and reliably pay you when you need your money the most.

WHY OTR CAPITAL?

OTR Capital's factoring program was created with the carriers' best interest at the forefront of every decision. With the most comprehensive service in the industry, OTR offers industry leading customer service, cost saving fuel cards, free online broker checks and the only true non-recourse program in the world.

DELIVERING SOLUTIONS. DRIVING SUCCESS.

WHY OTR CAPITAL IS THE BEST DECISION FOR YOUR BUSINESS

True Non-Recourse

No reserves, no charge backs, no problem! Have the peace of mind that we will not charge you back because of slow broker payments.

No Hidden Fees

Our factoring rate is all inclusive, we tell you exactly how much our service costs up front. What you see is what you get.

No Monthly Minimums

Factor what is best for you and your business. No need to worry about your factoring company penalizing you for normal life events.

Quick Setup

Our free, simple setup process can get you funded quickly, so you can start focusing your efforts on growing your business.
