The Finance Department are in the process of trying to get the 2018 statements out as soon as possible. **We ask parents to please be patient in this regard.**

### WATER WEDNESDAYS

As you know, Brackenhurst Primary School was part of a drive last week to get water to Cape Town in order for them to survive the drought. As a result we have decided to go ahead with 'Water Wednesdays' where each child can bring sealed water for human consumption or bottles of tap water for animals.

The tap water can be brought in 2 litre cold drink bottles and the "sealed" water in 5 litre containers. The learners bringing bottles of water will then be allowed to wear civvies.

This initiative will be run in conjunction with the Panorama Flea Market, Gift of the Givers and Water King. They will collect the bottles of water from the schools and arrange to have them delivered.

We would like to run 'Water Wednesdays' for the duration of February. OASIS in the Checkers Centre in Brackenhurst has agreed to sell 5litre water for R12,00 instead of R16,00 for this water drive.

Thank you for your generosity of spirit as always.

### SCHOOL FEES 2017

Please make sure all final balances for **2017** school fees are paid up as **2018** fees are now due.

### SCHOOL FEES 2018 R13 277,00

## PARENT'S CORNER

### THE NIGHTS ARE LONG. BUT THE YEARS? OH, THE YEARS ARE SHORT: MOM'S POST REMINING US OUR KIDS GROW UP MUCH TOO FAST.

We always find ourselves writing about how utterly exhausting parenting can be, how challenging it can be to balance work and family and how, sometimes, nothing we're doing is wrong, "it's just hard." But we rarely take a moment to reflect, before it's too late, of course, on how much we love and we'll truly miss our kids when they're all grown up. Blogger and mother of two, Ginger Hughes from No mama's perfect, however, recently posted about and reminded us of just how short our time really is with our children.

"The nights are long," she began.

The nights are long..  
When you're finally home, hospital bracelet still on your wrist, and your sweet infant girl cries all night. When you try everything you know to soothe her and nothing seems to work, and eventually the tears of joy you expected become tears of exhaustion and frustration.

The nights are long..

"When you rock, soothe, and sing lullabies all to no avail, and that bassinet you chose with such care sits empty, while you walk the length of your home, shushing and swaying, and praying sleep will come.

"The nights are long..  
"When the fever is high, his eyes usually dancing with delight, are dull and weary. When his little body is wracked with sickness, and you don't know what's wrong. When you call the 24 hour nurse line, or research symptoms online, only to end up terrified.

"The nights are long..  
"When we lie awake at night wondering if our babies, now children, are making friends at school. Our babies are exhausted from the day, yet our minds still churn with questions, are they adjusting, are they happy, have we taught them enough to navigate these new experiences?

"The nights are long..

"When the ones who once filled our backseat with more questions and songs, than our ears could digest, now, a few years later, scroll their phones quietly instead. When the eyes once filled with amusement and laughter are now rolled skyward more often than we'd like, and we sit there wondering it all is well in their world. We try, but at times, feel unable to find our way into the heart of things.

"The nights are long..

"When she's out on a date, and you're wondering if all the things you've taught her, and all the conversations you've had with her, will be

enough. When he's out with his friends, and you hope he'll be a leader rather than a follower, and that the heart to hearts will be lived out now that the decisions are his to make. When the car is packed, and your eyes hold hers through that window one last time as she pulls away.

"Yes, the nights are long..

But the years?  
Oh, the years are short.

"When the little bundle that once wouldn't sleep in the bassinet is now too long to fit, and you lay her gently in the crib instead.

"The years are short..

"When the tiniest hand that once clutched your finger so tightly, releases your hand readily and walk towards the first day of kindergarten.

"The years are short..

"When our babies, who were just cooing, snuggling and filling their fists with our hair are now curling, straightening and styling their own.

"The years are short..

"When the one you thought would never sleep, would now sleep until noon if you let him.

"The years are short..

"When you see the hand, that just yesterday learned to wave while you encouragingly said, "Say bye-bye," waving goodbye as she drives away.

"The years are short..  
"When our littles become our bigs; When our way becomes their way; when our love is stretched to the point of aching..

"We will remember..  
"That the nights are to very long, but the years are so very short."

## STUDY COURSE

The study course is for learners from grade 4 up, and teaches children how to **study effectively**. We work on **learning through association**, how to **remember** what we have learnt, how to **plan ahead**, and how to **answer** a question paper.

A brain profile questionnaire is completed by each learner **before** the commencement of the course. Each learner's brain profile is then taken into account during the course in order to suit their unique preferences. The cost of the course is R1000.00, which includes the brain profile, a baroque CD, a file with all study material and a surprise for each learner to assist them with their newly acquired skills. The course consists of 3 3hour sessions (normally a Friday from 2 to 5, and a Saturday from 9 to 12 and again from 2 to 5).

Please make an appointment with me, in order to book the brain profile questionnaire (at least a week before the study course).

A deposit of **R400** must be paid to confirm brain profile appointment and the study course booking.

I have not set dates for a study course in term 4 as yet. I would need a minimum of 4 learners in order to set dates, so please feel free to share the information with your contacts and friends.

The learners really learn very useful and practical techniques during the course and they walk out of the course motivated and ready to study for their next test or exam.
