RAY'S REMARKS:

THE K.E. FAMILY LIFELINE

We thank God for answered prayers and for the fact that so many of our family who struggle with health issues continue to improve! We are especially thankful that brother Gary is now recovering quickly from his open heart surgery. In fact, he may even get to go home within the next few days. He still has a little bit of an infection that they are trying to clear up before he does.

I'm also glad to hear sister Retha continues to make some improvement. The doctors are still just trying to get her different medicines adjusted properly. She takes a lot of medicine for different things so they have to be just right so as not to work against each other. Sister Retha may even get to return to rehabilitation to regain her strength.

We have also been blessed to have brother Tom back with us lately. We rejoice that his treatments seem to be helping at this time. It is great to see him feeling better.

Let's also continue to remember sister Reva as she recovers from her back surgery. I know it might take her quite a while to get back where she want to be health wise, but we will certainly pray to that end.

I am so thankful that sister Pat has done so well after her back surgery. It was so good to see her in services this past Sunday.

I also am praying for sister Carolyn Lee. She just found out today she needs more surgery on her lower back to get some measure of health back. She will be arranging to have this surgery in the very near future.

You can see that we have so many to pray for, as well as many others on our prayer list or in the bulletin; so please do you part to keep these needs before the throne of God. As the faithful, we know that God hears and answers all prayers!

Also brethren, I wanted to remind us to pray for those caregivers and family members who are with these who deal with such health problems. I know it is a difficult and stressful thing to see your loved ones suffer, so let's pray for them and encourage them in every way we can.

Well, I hope to see you tonight for our mid-week service. As well, I look forward to this coming Lord's Day as we gather before the Mighty Throne of God to worship and praise His Holy Name. I know you will want to be present and ready to give God your best. Until then, put God first in all things and he will lift you up!

Don't ever underestimate your dreams in life. Anything can happen if you believe. Not a childish, magical belief. It means hard work, but never doubt that you can do it, with God's help.

Even youths grow tired and weary, and young men stumble and fall; but those who hope in the LORD will renew their strength. They will soar on wings like eagles; they will run and not grow weary, they will walk and not be faint.

Isaiah 40:30-31

ELDER'S CORNER:

We rejoice over the continued improvement of Gary. He is now able to eat a regular diet and if all goes well the next few days, he could be going home at the end of this week. Our prayers have been answered. Continue to remember him and Marilyn in your prayers. Retha Beebe is in the hospital and is in a constant struggle with her health. She really needs our encouragement and prayers. Many are struggling with recovery from recent surgeries. We are praying for you that you will have a complete recovery and be able to return to a normal pattern of life.

We are very proud of our graduates this year. A special time is planned to honor them this Sunday evening after services in the fellowship hall. Our prayers are that our graduates will have a long and useful life in service to God and that they will be able to fulfill their dreams as they take their place in this world. May God bless you all!!!!

Our Spring Lectureship is fast approaching. It begins a week from this Sunday. The theme is: Life's Challenges. All of us experience challenges in this life. It is our desire to try to help us all deal with the challenges we face on a daily basis. This year we have invited some of our former students to be a part of the lectureship. Let's all do our best to be at every lecture.

Hope to see you all at all of our services.

Jerry & Gary
