BULLETIN

RAY'S REMARKS:

K.E. FAMILY LIFELINE

Hello brethren. Another week of quarantine has gone by and I hope all are well. These are crazy times we are living in and I sure am missing being with my brethren on a weekly basis. We forgot just how blessed we are and how free we are until we end up in a situation like this. Brethren, I hope we all are praying and asking for God's help daily so that we can overcome this difficult time quickly. God is great and powerful, and we all know that there are many things He can do to help us. What we know for sure is that God is in control and we are well blessed by Him. Please keep these urgent needs before God's throne.

Today was a beautiful day and things went really well with our dear sister Reva's funeral. It was a small group of family present at the graveside, but it was still an uplifting time as we considered her beautiful life and her obvious love for God. I look forward to having a celebration of life service with all of you when things return to normal. It will be a wonderful day to remember Reva's precious life and to be together to celebrate her life. Another blessing of this day was that I was able to remember the precious life of our dear Henry and Joe Fielder and so many others who have already gone on to their reward. Oh, how blessed we are to have such precious memories. God is good!

Well, the BIM is still going well. We had to go to an online instruction last week and so we are able to sign on to an application and see each other at the same time and thus able to hold classes. It is a little different, but is working, because we can see one another and hear one another at the same time. I still can't believe we are in our final quarter of classes for this class. Please keep them all in your prayers and remember them as they consider future works for the Lord. We certainly pray that God's richest blessing will be upon them all.

Finally, let me encourage you all to keep your chin up, and lean on God and each other. We will get through this time and we will return to normal as God desires. And before you know it we will be looking back at the year of 2020 and the Coronavirus that had such an effect on all of our lives. May God bless us all as we strive to do His will and as we continue to service Him in every way a Christian is required. "Seek first the Kingdom of God and His Righteousness and all these things will be added unto you!"

"AND TRANSFERRED US INTO THE KINGDOM"

THE KINGDOM PROPHESED

FAITH:

How then shall they call on Him in whom they have not believed? And how shall they believe in Him of whom they have not heard? And how shall they hear without a preacher? And how shall they preach unless they are sent?

As it is written:

How beautiful are the feet of those who preach the gospel of peace,

Who bring glad tidings of good things!

So then faith comes by hearing, and hearing by the word of God.

Romans 10:14-15, 17

ELDERS' CORNER:

Difficult times are ahead of us. We are now being told that it could be sometime in May when we peak with the virus here in Springfield. It is already very difficult to stay in our homes without very much human contact. Some among our number are singles and spend a lot of time alone. We all miss one another. All of us would like to be able to be together to be encouraged. We are thankful to God for at least the ability to be together via our cell phones and internet. But this virus too shall pass! We know who is in control. Our God will protect us. Whatever happens will be according to His will and for His purpose. So, "trust in God. He will take care of you, every day, every hour."

Our hearts reach out to the family of our beloved Reva Lewallen who recently passed from this life. We trust that God has given her that life she has been looking forward to for a long time. A burial service was held for her today at the graveside for the family. In the future, a Memorial service will be held to honor her life. We will truly miss her at K. E. She was a friend to us all and a loving sister in Christ.

I'm not trying to lessen the need for us to be concerned about the virus but maybe we need to put it in prospective of what goes on in our world throughout every year. The greatest number of deaths was the killing of innocent babies and living souls, who had no representation.

The reason this has happened is because our nation, as a whole has lost respect for human life but more have lost their respect for God.

Our prayers are for your good health and that God may keep you all away from this deadly virus.

Remember all of our online studies that are produced on Monday and Wednesday nights as well as our Bible Study and Worship on Sunday mornings. If you need us, don't hesitate to call.

Our love to all,

Jerry and David
