

Daydream Believer

F **Gm7**
Oh I could hide 'neath the wings

Am **Bb**
Of the bluebird as she sings *

F **Dm** **G7 C7**
The six-o-clock alarm would never ring

F **Gm7**
But it rings and I rise

Am **Bb**
Wash the sleep out of my eyes

F **Dm** **Bb C7** **F**
My shaving razor's cold and it stings

Bb **C7** **Am**
Cheer up sleepy Jean

Bb **C** **Dm** **Bb** **F** **Bb**
Oh what can it mean to a daydream believer

F **Dm** **G7** **C7**
And a home coming queen

F **Gm7**
You once thought of me

Am **Bb**
As a white knight on a steed

F **Dm** **G7 C7**
Now you know how happy life can be

F **Gm7**
And our good times start and end

Am **Bb**
Without dollar one to spend

F **Dm** **Bb** **C7** **F**
But how much baby do we really need
