Our management team has over 130 years of experience in the electrical industry and has built relationships with the Hudson Valley's largest developers, contractors, and municipalities. We thrive off of our excellent customer service and high quality services at the most competitive price.

Upstate Electric provides a complete spectrum of electrical contracting services and supports our clients from preconstruction to complete construction. Our dedicated and experienced team has the expertise needed to provide competitive estimates and quality project management, while delivering safe and efficient installations utilizing IBEW Trained Electrical Workers.
