

WHY GO TO CHURCH?

It's a serious question. These days, we all lead busy lives. It often seems that there aren't enough hours in the day to do everything we have to, so why would I want to take on yet another commitment? How would I benefit from going to church?

- Church attendance gives us a chance to recharge our batteries and nourish our spiritual side, just as we nourish our bodies. It lets us find spiritual and emotional refreshment in a world where we are all too often weary or worried.
- In a world where so many of our interactions are on-line, St George's offers a welcoming and friendly community – or so people tell us. As Jesus says, “Come to me all who are weary and carrying heavy burdens, and I will refresh you.”
- Here are some reasons that people have given as to why they come to St George's:
 - I have so much in my life to thank God for
 - It grounds me for the week ahead
 - I've always gone to church
 - My kids make me come – they love it
 - The people really care about me
 - Going to church reminds me to think of others as well as myself
 - Jesus' message is relevant to our world today
 - The Church is active in the community
 - It gives my life purpose
