President's Message - Mindy Lin

Hi Everyone,

My name is Mindy. I am currently in my 2B term double-majoring in Actuarial Science and Statistics. Aside from studying for exams, I love jamming, traveling, and trying out different restaurants with friends. I also dance ballet and play piano.

I have been involved with ActSci Club since my 1A term as an executive. ActSci Club has benefited me enormously. I have built friendships with many motivated and like-minded individuals in the club, learned tips that helped me to get a co-op position, and do well in school from talking to upper years at club events.

This term, we aim to provide weekly events to students, with emphasis on academic and mentorship events. We will bring back some traditional events like coffee connection and Excel Tutorials, while adding in some new ones like Trivia Night with employers.

If you have any question about the club, or just want to chat, feel free to drop by the club office during office hour. Hope to see you all at our events, and best of luck with the rest of your term!

ACTSCI VICE PRESIDENTS

VP of Events - Angel Yang

I am currently in my 2B term studying ActSci with Finance Option and Statistics. I chose ActSci because I love statistics and my favorite food is... everything. Literally.

"Austin stole my joke. Great minds really do think alike."

VP of Finance - Ferran Xu

Hi everyone!

Currently in 2B, came to Actsci because I'm dead inside after second year so, why not? Gonna give up my GPA for adoption because I can't raise it myself... My favorite food is ice cream!

VP of Communications - Annie Deng

Hello! I am in my 2B term doing a double major in Actuarial Science and Financial Analysis and Risk Management. I love both math and business, which lead me to choose my two majors.

"Did you hear about the guy whose whole left side was cut off? He's all right now."

ACTSCI VP/ADVISOR

Djordje Basta - VP of Administration

Out of all the foods I could ever imagine consuming, the greatest would have to be a social tea biscuit. I love ActSci because of the office we get.

"What's brown and sticky?"

Carlo Lahura - Mentorship Coordinator

I am in my 4B and I ABSOLUTELY love pancakes. I also love ActSci as much as I love the \$\$\$.

"What do you call a snake that's 3.14 meters long?"

"A pi-thon!"

Nancy Yang - Mentorship Coordinator

Hello my name is Nancy. I'm in my last year of studying actuarial science, so I will be out of here soon. I love ActSci because of all the cool people I met in the industry. My favorite food is the honey butter chip.

"What color is the wind?"

"Blue"

ACTSCI CLUB EXECUTIVES

Brian Lee - Events Coordinator

Hi! I'm in my 3B term. My favorite food is Hawaiian pizza and I love snacking. Frozen fruit is the go-to for late-night munchies. I'm also all about EDM and festivals like UDF. I love ActSci's mixture of business and math.

"What is sin over tan?
Just cos."

Veronica Li - Events Coordinator

I am a third year ActSci and Stats student. I love corn chips and mangos! If you give me mangos, I'll let you play with my dog! ActSci people are the funniest and nicest people in the world.

"Honeydew: Hi, I honeydew
Cantaloupe: But I can't elope"

Sabrina - Events Coordinator

I am in my 1B and my favorite food is sushi. I love ActSci for the challenges it presents and the fact that there's always something new to learn. I also love the feeling of passing an exam.

"If you're cold, just go to a corner;
it's always 90 degrees!"

ACTSCI CLUB EXECUTIVES

Shawn Sui - Publicity

I'm in my 1B and my favorite combo is fruit with cold caramel macchiatos (almond milk). What I love about ActiSci is the endless stream of exams!

"Ugh I'm not funny!"

Monica Lee - Publicity

I am also in 1B. I cannot go without my Buddha bowls and green tea lattes! I love ActSci because not many people know about it, so that makes me mysterious.

"I wanna make a joke about sodium...
but NA!"

Jasper Zhu - Webmaster

Hey, I'm in my 1B. Honestly, my favorite foods are any dishes that have Asian noodles. My favorite thing about ActSci is Dave Kohler.

"A wild e^x appeared!
It used differentiate...
But nothing happened!"

Austin Zhang - Newsletter Editor

How do you do? I am in my 2B term of Actuarial Science. I love ActSci because of the wide variety of applications. My favorite food is anything from McDonald's.

"G.P.A"

Resume Critique, January 19

Our first event was a resume critique which gave members the opportunity to interact with more experienced students.

Members were treated to a presentation on industry basics by Mentorship Coordinator Carlo Lahura.

They were also given the unique opportunity to have their resume's inspected and improved by other experienced students.

Beginning of Term Event

Our Beginning of Term event (January 26) was a hugely successful high energy get together, full of fun games/activities and fueled by bubble tea and pizza. Members were invited to participate in banana throwing, poker, and Peruto.

The event was carnival style, with each activity promising tickets to the winner. The tickets could then be redeemed for the best type of prize... food! Winners had a choice between between pizza, wings, sushi, and Doritos. ROWDY!

The third event we held was a Mock Interview/LinkedIn photoshoot (February 2). Members were paired with experts in the interview process, who gave them pointers and helped them hone their interview skills. After, they were given the opportunity to get some professional looking headshots to use for LinkedIn.

Mock Interview

UPCOMING EVENTS!

Keep your eyes peeled for these upcoming events! Dates are TBD and posters will be put up with more information.

Coffee Connection; Mentorship Event:

Get coffee with a mentor, on us! Feel free to use this time to ask questions and talk about school, ActSci, or anything else that interests you! Also, enjoy a presentation highlighting the differences between various Actuarial Science branches! Can't turn down free coffee!

Employer Info. Sessions:

Come participate in this unique opportunity to interact with people who work in the industry! Representatives from companies will be here to tell you what it takes to be at the forefront of Actuarial Science.
