PLYMOUTH
WORKSPACE WEEK

Monday 19 March – Friday 23 March
www.plymouthworkspaceweek.com

Welcome

The first workspace week was held February 2017 and we're back with a sequel!

Plymouth Workspace Week 2018 will be bigger and better between Monday 19 March – Friday 23 March. Join us and don't forget to take the survey on the website.

Each serviced office/incubator/coworking space in Plymouth will be opening their doors to celebrate all that is great about flexible workspace in Britains Ocean City.

Plymouth Workspace Week is free so grab a desk for a week and book a ticket at one of the day or evening events. Telephone venues directly to book your place on a tour.

This year we have adopted various pubs/bars around the city for more entertaining evening events and a chance to be productive outside work.

This event is ideal for anyone self-employed, or wanting to start a new business, especially those working from home facing distractions or loneliness. It's also a good opportunity for larger businesses to place a few members of staff in a collaborative workspace for a week to see what new ideas they bring back to the office once the week ends!

Events - See website
