# AMMONIA SAFETY TRAINING

AMMONIA SAFETY TRAINING INSTITUTE (ASTI)

SEPTEMBER 17-21, 2018

## ABOUT **ASTI**

Established in 1987, the Ammonia Safety & Training Institute (ASTI) is a 501(c)(3) organization dedicated to making ammonia (NH<sub>3</sub>) the safest managed hazardous material in the world. Bringing together leaders from industry and public safety organizations with hundreds of years of combined experience, ASTI provides safety management support through effective use of Prevention, Mitigation, Preparedness, Response and Recovery (PMPRR) training. All courses meet OSHA standards.

## CONFERENCE ADMISSION & CERTIFICATE FEE

ASTI is an NPO organisation and mainly funded by donations. We were able to work out a sensational low fee that includes coffee, tea and a delicious buffet lunch;

- 50 CND / person / day including free coffee, tean and lunch buffet OR
- 200 CND / person / week including free coffee, tean and lunch buffet

### MONDAY Sept 17th

**8:00am – 4:00pm ASTI AMMONIA SAFETY DAY**

#### for locals

Safety Days are partly sponsored 8-Hour conference style presentations. Safety Days are made possible through generous donations from both national and local sponsors. ASTI works closely with local hosts and sponsors to assure that the content for each Safety Day is designed with the end-user, firefighter, and regulator in mind.

### TUESDAY Sept 18th

**8:00am – 4:00pm ASTI AMMONIA SAFETY DAY**

#### for those who need to stay at the hotel

Safety Days are partly sponsored 8-Hour conference style presentations. Safety Days are made possible through generous donations from both national and local sponsors. ASTI works closely with local hosts and sponsors to assure that the content for each Safety Day is designed with the end-user, firefighter, and regulator in mind.

## **WEDNESDAY Sept 19th**

**8:00am – 4:00pm ASTI AMMONIA SAFETY TRAINING**

**for operators, chief engineers and contractors**

ASTI offers a variety of ammonia specific courses ranging from basic awareness to First Responder-Operational, as well as Technician and Incident Command. Their curriculum combines technical information with a hands-on approach. They offer both simulations and live release response drills to further instill the need for a solid ammonia hazard plan and fast reaction to incidents. Enjoy this training including an Ammonia live release in the afternoon.

## **THURSDAY Sept 20th**

**8:00am – 4:00pm ASTI AMMONIA SAFETY TRAINING**

**for first responders, fire fighters**

ASTI offers a variety of ammonia specific courses ranging from basic awareness to First Responder-Operational, as well as Technician and Incident Command. Their curriculum combines technical information with a hands-on approach. They offer both simulations and live release response drills to further instill the need for a solid ammonia hazard plan and fast reaction to incidents. Enjoy this training including an Ammonia live release in the afternoon.

## **FRIDAY Sept 21th**

**8:00am – 11:30am ASTI AMMONIA TRANSPORTATION**

**for everyone**

ASTI is teaching on the subject of how to transport ammonia in a safely manner and according to local regulations.

# GUEST SPEAKERS

JOIN OUR FREE GUEST SPEAKER SESSIONS

SEPTEMBER 17-21, 2018

## ABOUT OUR **GUEST SPEAKERS**

Our guest speakers are leaders in a specific area of safety relevant to the refrigeration industry. Increase your safety awareness and knowledge in a practical way. Have the opportunity to gain an overview about Personal Protective Equipment (PPE) products and may even to test certain products.

## GUEST SPEAKER ADMISSION

Guest Speakers, who exhibit at the vendor trade show can apply for free speaking sessions. In all other cases please contact us at [info@el-em-en-ts.com](mailto:info@el-em-en-ts.com)

**MONDAY Sept 17<sup>th</sup>**

**8:00am MASK FIT TESTING BY BREATHE SAFE CANADA**

Learn more about respiratories. Breathe Safe Canada has been in business for many years offering mask fit testing and other services. Bring your own mask for fit testing and benefit from a discounted conference rate.

- **Receive 10% discount for mask fit testing(\*)**

**10:00am PROTECTIVE CLOTHING BY BC HAZMAT**

Learn more about self-contained breathing apparatus (SCBA) and protective clothing. BC HAZMAT Management are specialists in the field of hazardous materials management, emergency spill response, consulting and support services throughout Western Canada. Never tried an SCBA? This is your opportunity.

- **Receive 10% discount on selective Hazmat products(\*)**

**12:30pm BUMP TEST PROCEDURE DEMO BY CETCI**

Learn more about bump test procedures and watch an actual demo. Critical Environment Technologies Canada Inc. is an industrial leader in the development and manufacturing of sensors and other critical equipment. Are you interested in learning more about sensor technologies and correct bump test procedures?

- **Receive 10% discount on CETCI products(\*)**

**2:30pm HEARING TEST BY OKANAGAN AUDIO LAB**

Learn more about professional hearing protection products and get your hearing tested right at the conference. Okanagan Audio Lab has mobile test labs that come right to your facility for most convenient hearing testing.

- **Receive 10% discount on hearing tests(\*)**

**TUESDAY Sept 18<sup>th</sup>**

**8:00am MASK FIT TESTING BY BREATHE SAFE CANADA**

Learn more about respiratories. Breathe Safe Canada has been in business for many years offering mask fit testing and other services. Bring your own mask for fit testing and benefit from a discounted conference rate.

- **Receive 10% discount for mask fit testing(\*)**

**10:00am PROTECTIVE CLOTHING BY BC HAZMAT**

Learn more about self-contained breathing apparatus (SCBA) and protective clothing. BC HAZMAT Management are specialists in the field of hazardous materials management, emergency spill response, consulting and support services throughout Western Canada. Never tried an SCBA? This is your opportunity.

- **Receive 10% discount on selective Hazmat products(\*)**

**12:30pm BUMP TEST PROCEDURE DEMO BY CETCI**

Learn more about bump test procedures and watch an actual demo. Critical Environment Technologies Canada Inc. is an industrial leader in the development and manufacturing of sensors and other critical equipment. Are you interested in learning more about sensor technologies and correct bump test procedures?

- **Receive 10% discount on CETCI products(\*)**

**2:30pm HEARING TEST BY OKANAGAN AUDIO LAB**

Learn more about professional hearing protection products and get your hearing tested right at the conference. Okanagan Audio Lab has mobile test labs that come right to your facility for most convenient hearing testing.

- **Receive 10% discount on hearing tests(\*)**

**WEDNESDAY Sept 19<sup>th</sup>**

**8:00am FIREFIGHTERS REVIEW BY SCOTT HEMSTAD**

Learn more about Fire Fighter's Safety challenges and review presented by Vernon's FireFighter Chief Scott Hemstad. This session will give you a better understanding into the work of FireFighters in how to correctly prepare, respond and follow-up to continuously increase safety at your plant.

**10:00am FIREFIGHTERS OUTLOOK BY SCOTT HEMSTAD**

Learn more about Fire Fighter's Safety future trends presented by Vernon's FireFighter Chief Scott Hemstad.

- **Receive a free Fire Fighter Inspection of your plant**

**12:30pm RISK ASSESSMENT BY CANADA SAFETY EQUIPMET**

Learn more about risk assessment, the examination of the aspects of a task that may expose workers to an increased risk of injury. The purpose of a risk assessment is to determine whether enough has been done to control the risk or whether further control measures need to be put in place. Canada Safety Equipment helps with risk assessments for Fall Protection, Confined Space, Site Specific, etc.

- **Receive 10% for a Risk Assessment of your plant(\*)**

**2:30pm 70<sup>th</sup> ANIVERSARY OF RFABC BY DWAYNE KALYNCHUK**

Learn more about RFABC and how this organisation has supported the recreation industry in British Columbia by promoting general interest, education, safe operating standards, professionalism and support among recreation facility operators, Commission and Board members in the successful operations of arenas, auditoriums, community centres, swimming pools, stadiums, parks and other recreation facilities

- **Receive 10% First Time Membership Discount(\*)**

**THURSDAY SEPT 20<sup>th</sup>**

**8:00am SAFETY REVIEW BY WORK SAFE BC**

Learn more about Work Safe BC, what they are doing and what they have been experiencing in the past years. Work Safe BC is committed to creating a province free from workplace injury or illness, and to providing service driven by our core values of integrity, accountability, and innovation. By partnering with workers and employers, we help British Columbians come home from work safe every day.

**10:00am SAFETY OUTLOOK BY WORK SAFE BC**

Learn more about Work Safe BC and how they see future safety trends.

**12:30pm ASSET MANAGEMENT BY ALTUM**

Learn more about assets management and risk assessment by Altum. Professional assets management and risk assessment is vital in optimizing capital investments and on the other hand critical in optimizing a plants safety. Learn not only how to comply with latest regulations, but how to balance and maximize assets management to achieve the best return of investment.

- **Receive a free consultaion for your facility(\*)**

**2:30pm FACILITY SOFTWARE BY ELEMENTS SOFTWARE**

Learn more about how your plant can benefit from a centralised software solution that capitalises on synergies released by the 4 main user types such as operators, contractors, managers and safety officers, working in your facility. Elements Software empowers and transforms the industry because the software has been “created by users for users” offering the platform managers always wanted.

- **Receive 10% discount on the purchase of the Platinum Package(\*)**

**FRIDAY Sept 21<sup>st</sup>**

**12:30pm TECHNICAL SAFETY REVIEW BY TS BC**

Learn more about Technical Safety BC's past years review and new regulations. Every tragic incident shapes the organisation and leads leads to corrective actions needed to prevent the industry from repetitive failures. The tragic Ammonia incident in Fernie BC released a huge wave of changes initiated by Technical Safety BC. Get the bigger picture at this conference.

**2:30pm TECHNICAL SAFETY OUTLOOK BY TS BC**

Learn more about Technical Safety BC's and how they see the future outlook.

Note: (\*) Offer is only valid during the Conference

# VENDOR TRADE SHOW

MEET OUR SAFETY VENDORS,  
SEPTEMBER 17-21, 2018

## ABOUT OUR **VENDORS**

Any Safety Conference is incomplete without vendors who can promote their hightech products and services needed to advance the overall safety of any facility operation. Vendors are also the backbone in funding events like this. That's why this conference puts a strong emphasis on the trade show. Vendors have the opportunity to showcase their products throughout the entire week. A strong interaction among all the conference participants and vendors is guaranteed for the benefit of everyone.

## VENDORS ADMISSION FEE

If your company contributes to safety relevant to the refrigeration industry, you are welcome to show case your products and services to our audience. You can chose to do so on a daily basis or throughout the week. Our venue can easily host twelve vendors or more per day.

- 450 CND / Vendor Table / Day OR
- 1500 CND / Vendor Table / Week (=750 CND Discount)

## VENDORS LIST

Vendor list to be confirmed.

Monday	Hazmat CETCI Critical Environment Elements Software St-Johns First Aid Alpha Laval	RSL Carrier Honeywell 3M OK Audio Lab Canada Safety Equipment
Tuesday	Multigas CETCI Critical Environment Elements Software St-Johns First Aid	Alpha Laval RSL Carrier Honeywell 3M
Wednesday	OK Audio Lab Canada Safety Equipment 3M	RSL Carrier Honeywell
Thursday	Multigas CETCI Critical Environment	
Friday	Hazmat CETCI	

# VENUE

FOUR SEASON HOTEL

ACROSS KELOWNA AIRPORT YLW

## ABOUT OUR **VENUE**

The Conference venue is centrally located right across Kelowna International Airport YLW. There is a free 24-hour airport shuttle always running to and from the hotel. The hotel is a short drive from the heart of Kelowna, Okanagan Lake and University of British Columbia Okanagan. Experience year-round outdoor adventure with the nearby ski resorts, hiking trails, 20 picturesque golf courses, and stunning wineries.

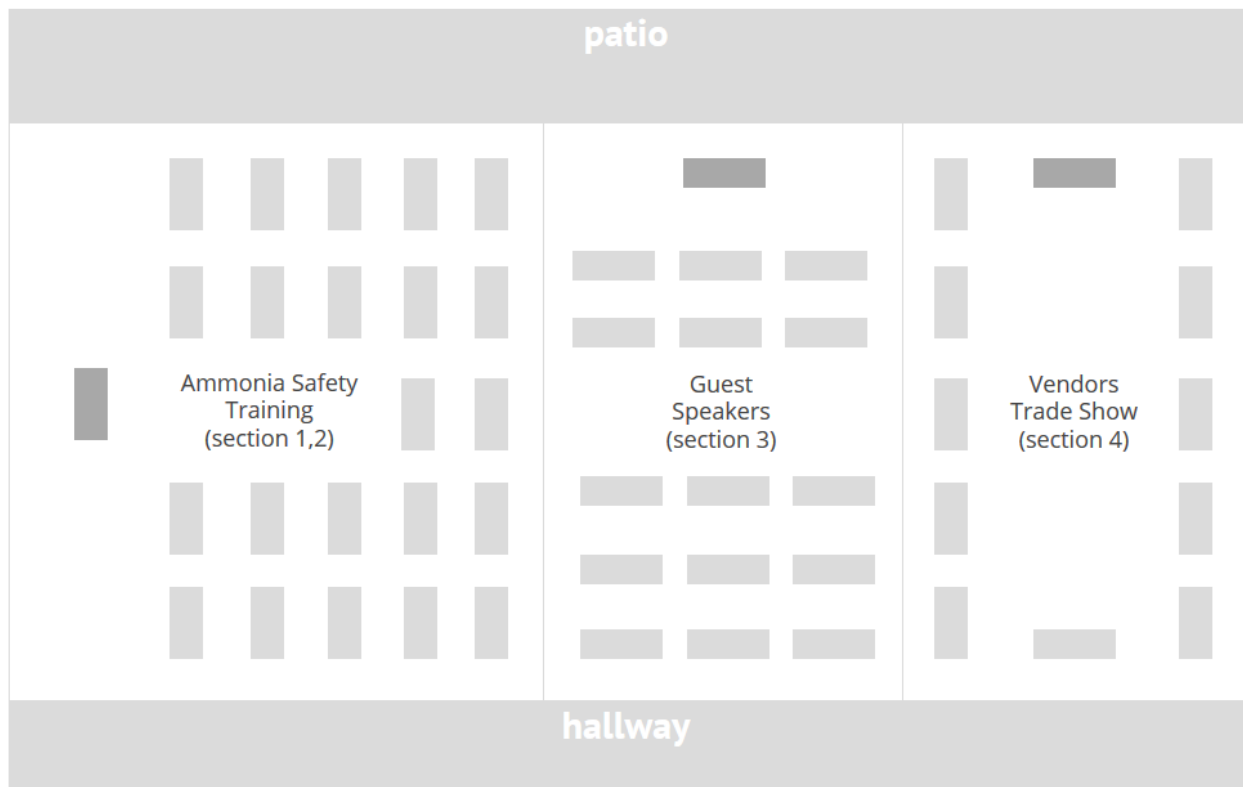

## ROOM FEE AT FOUR POINTS HOTEL

We were able to work out a special hotel room rate of;

- 139 CND per person and day

## CONFERENCE LAYOUT

The main conference takes place at the Four Season Hotel at 5505 Airport Way, Kelowna, BC V1V 3C3. For the Ammonia live release on Wednesday and Thursday afternoon specific locations will be determined by the responsible firefighters. The Ammonia Safety Training Institute (ASTI) is hosted in section 1&2. All other guest speakers are hosted in section 3. The vendor trade show takes place in section 4. All sections border to a sunny outdoor patio.

## DIRECTIONS KELOWNA BC

Follow HWY 97 to Kelowna International Airport YLW. Right across on the West side is Four Points Hotel.

## CONFERENCE WEBPAGE

<http://el-em-en-ts.com/events>

## APPRECIATIONS

We thank ASTI, all other guest speakers and vendors for making this Safety Conference very informative, practical and enjoyable. We also want to give special thanks to Elements Software for offering their time in organizing this event and their expertise in programming a supportive software just for this conference improving the registration work flow and so much more
