Subject: Golf cart rentals

There is a limited supply of golf carts in the area. I talked with a firm in Kerrville Golf Cars and Care 830 896 4455. They want \$295 per week for a 4 pass cart and \$375 for a 6 pass cart. Their monthly rate is \$439 for the 4 pass which is cheaper than a two week rental. They suggest ordering ASAP if you are interested. They want a signed invoice/contract and 25% down. The cost to deliver and pickup is \$156 per trip and they can take 7 carts per trip. This will be spread across the number of carts hauled. If only one cart on the trailer it is \$156. They are checking on the number of carts available and will let me know by tomorrow. If you know of people who want carts please pass this on to them right a way. I suggest you make your reservations NOW.
