## **HOWDY!**

Thank you for attending our performance! We hope you enjoy the vittles and the entertainment tonight!

Part of the mission of the Fergus Falls Funtastics is to provide a means for artists to express themselves theatrically. This spring an original play by Laura Johnson ("Life's Crazy Journey") was performed in Fergus Falls, Dalton and Barrett. "Brick Pagoda" is also an original script that just wrapped up a wild 4-week run here! (WORLD PREMIERE! WOO HOO!)

We took a BIG STEP this year in expanding to every weekend and putting on three shows...ok, we're not too smart. Everyone involved has put in HUNDREDS of HOURS (not to mention thousands of dollars) to continue this entertainment option for Otter Tail Lake area visitors. Hopefully, your support and telling your neighbors, family and friends to make it an event night can make this expansion decision a wise one!

## **FAMILY STYLE MANNERS**

OK, we shouldn't have to say this, but please be respectful of the guests at your table. If you take the biggest piece of this, find the smaller piece of that. Usually there is ONE PIECE per person!

## **SOUND ADVICE**

One of our biggest challenges in turning an outdoor venue into a stage is sound. We are trying a sound system this year; but listening takes work and some getting used to so please refrain from talking/whispering during the show. If you can't hear, feel free to pick up your chair and move closer! Really!!

## **ACKNOWLEDGMENTS**

If you've volunteered, donated goods or time, borrowed items, given advice or added moral support (thank you family and friends!) please take a bow. Without your help, this wouldn't be possible. We couldn't possibly list everyone involved!

And a special THANK YOU to Rodger, Jeff and the crew at Elmer's. This has been an investment of time and money and lots of trust that magic can indeed happen in the Otter Tail Lakes Area!

Enjoy the show! If you liked it, tell friends! If not, tell us...thanks!
