

Come Alive [Lyrics, 77 bpm, 4/4]

[Marathon Worship (Studio)]

Intro:

Verse 1:

All it takes is a single word
To raise us from the grave
All it takes is a single breathe
To revive our hearts again

Pre-Chorus:

Won't You breathe in us new life
Breathe in us new life

Chorus:

We come alive like the winter into spring
We come alive like the rising of the tide
We come alive with Your breathe in us again
We are alive in You

Verse 2:

All it takes is a single touch
To heal the brokenness within
All it takes is a moment with You
To give us hope and make us new

Pre-Chorus:

Won't You breathe in us new life
Breathe in us new life

Bridge:

Let the walls come down invade this space
Let Your Presence come, Lord have Your way
Let Your fire fall like pouring rain
As revival's rising in Your name

Last Bridge:

Let the walls come down invade this space
Let Your Presence come, Lord have Your way
Let Your fire fall like pouring rain
As revival's rising in Your name
