

Illuminating Foxfire/Box Alarm Leather Products

Increase your safety in dark and smoky environments with Foxfire/Box Alarm Leather illuminating handcrafted leather accessories for firefighters.

Highlights:

- Developed by MN8-Foxfire and Box Alarm Leather, two firefighter owned and operated companies
- Combine MN8-Foxfire's Advanced Illumination Technology™ with 3M's flame resistant reflective fabric and Box Alarm Leather's handcrafted products made from high quality 8-10 oz. bridle leather.
- Can be charged quickly and repeatedly by any light source, will illuminate surroundings for hours when fully charged
- Built using a combination of heavy stitching and riveting for heavy duty work and longevity
- Developed using techniques used by Amish farmers
- Carry a lifetime guarantee. If your product becomes unusable due to any reason other than theft, loss or deliberate damage, we will repair or replace it at no cost
