

Orville Begley, WWII FLT SGT RCAF Diver, recently became a member of the Association for 4 years and he joins 2 other WWII RCAF Divers, CPL Walter Hynek of White Rock, B.C. and CPL K.V. Ken MacDonald of Miscouche, P.E.I., who are members of CNDA. Walter says Orv must have Tots of loot to pay for four years! Walter and Orv met everyone at the 91 Reunion and were really pleased to see their WWII Diving Instructor, Bert Drake, with whom they had a marvelous discussion once more. Walter took in the Divers "Do" at the C&PO's Mess in HMCS DISCOVERY on 23 Nov 92. Orv and Walter sent along some WWII photographs of both the East and the West Coast diving groups which included many of the WWII RCN Divers. These photographs are some of the best pictures we have available from that era! One of the photo's is shown here under in the expectations that someone will recognize the matelot who took the Divers Course with Walter Hynek at Esquimalt in the Summer of 1943 - if you do, please write to Chuck Rolf with his name. Walter said there was also another Navy Hand on the same course with him but he did not know his name, nor did he have a picture of him.
