"Helping You Heal"

Speaker • Author • Energy Healer • Spiritual Teacher

Nancy is the founder of GodSpirits United, LLC, a company formed to help people recover from medically incurable illnesses. She teaches that at the essential level we are each made of Light Energy that can be controlled by learning to monitor our feelings. The specific words you think regulate and control specific organs in your body. Through workshops, webinars and teleseminars, she teaches how to shift or reverse negative feelings to make positive changes in your health. Nancy specializes in helping people recover from alcoholism, depression and glaucoma.

When she realized that her understanding of how Jesus moved energy was the key to healing medically incurable illness, she asked Spirit to let her serve. She healed her son Michael of congenital glaucoma, which the doctors said could not be medically healed. She healed herself when her left leg bone disconnected from her hip shortly after the suicide death of her son Jeffrey. She realized she felt so disconnected from her son who had died, that her bones separated in response to her intense feelings of separation. By consciously thinking, "Nothing can separate me from the love of God," her bones reconnected perfectly.

Nancy is a graduate of The Four Winds Society, the world's most extensive professional training in energy healing and shamanism, founded by Dr. Alberto Villoldo. She was trained as a Spiritual Teacher by the Eschatology Foundation in Los Angeles. She has completed advanced training in Theta Healing, and was recognized by Worldwide Who's Who for excellence in energy medicine. She holds a Master of Arts Degree in Music Theory and a Bachelor of Arts Degree in Piano Performance. She is Nationally Certified as a Teacher of Piano.

PRESENTATION TOPICS

SHIFTING YOUR ENERGY FOR HEALTH

To heal an illness the spiritual way, you have to know how to move energy in the opposite direction. By consciously reversing the flow of the Creative Energy running through your body, you can rebalance your own blood chemistry and heal yourself. Even medically incurable chronic illnesses can be healed in this way.

THE POWER OF WORDS – USING WORDS AS MEDICINE

Every organ in your body is governed by a specific virtuous word.

If your attitudes and thoughts reflect these virtuous words, you can reverse chronic illness and maintain your body in perfect health. If you know the right words to think, you can overcome any illness.

HOW TO OVERCOME THE DARK ENERGIES THAT CAUSE DYSFUNCTIONAL ILLNESS

Alcoholism, depression, drug addiction and Alzheimer's claim many of our loved ones. Why does the dark energy affect some of us to such extreme degrees? How can we overcome these life-threatening problems and protect ourselves from being tormented and possessed by things we do not understand?

LOVING YOUR S.E.L.F. – SCIENTIFICALLY EVOLVING LIFE FORCE

Conscious recognition of your-SELF as an entity worth loving can change your life from dysfunction to perfect health. When you are willing to correct your negative attitudes, emotions and beliefs about yourself, you will no longer live as the victim of negative Creative Energy.

THE SPIRITUAL WAY TO MANIFEST MONEY

Your money reflects who you think you are and how much you think you're worth. If you think you are human, then you will probably have to work for your money, but if you understand yourself to be Creative Light Energy, money flows to you from everywhere. Abundance becomes a natural reflection when you find the Creator within yourself.

WHAT OTHERS ARE SAYING:

Best Christmas in my 66 years on this earth! I carry the affirmation – I AM GODSPIRIT around with me. It is so unusual to not feel the pressure in my mind space. I woke up singing in my mind a little song, I LOVE ME, I LOVE ME, over and over. Thanks to you, I can use my God power and not believe I have to depend on something or someone outside of me to do it for me. Thank you so much for the exact WORDS to use!!! I am looking forward to the arrival of your next book in the mail. Thank you so much for being the caring and loving, powerful person YOU are!!

-Love, Light and Blessings, Anna

I'm writing to thank you so much. Working with you, for my daughter and myself, after years of counseling therapy, has been the most effective thing I have ever done to help my daughter. Life is much more pleasant at home. The energy is lighter for both of us. She is ready to face challenges in her life and resolve problems rather than running away, and her father and I are calmer and more at peace in our relationships with her. The work you do is simply amazing.

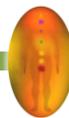

-Margaret, Caring Mother

I found your pages to be a genuine portrait of your gifts. Thank you for sharing who you are as doing so awakens the spirit and inspires the soul. Know that you are respected and appreciated. I wish you a profound awakening to enlightenment where all your dreams come true

-Micheal Teal, The Ancient One
