

2018-2019 Schedule Dance Class Options

Ballet 5-Ballet 5 is for students that want to advance their training, and for girls, prepares them for pointe. Correct placement and turnout continue to be emphasized. Students who want to go on pointe must take ballet class at least twice a week, preferably three times per week, in order to build the necessary strength. Students may advance to Pre-Pointe with instructor's recommendation only. Jazz and Tap electives are NOT Performance classes in Semester 1, but will be Performance classes in Semester 2. Dancers in more than one Performance class will have an additional \$35 costume fee per Performance class. Stretch & Strengthen is also an option at this level for ages 8 and up. This is not a Performance class.

BALLET 5	Day / Time
