

Vacation Selection Process Vacations for Warriors

The following sets forth the vacation selection process for Combat Wounded Veterans and active duty personnel of the United State Military for vacations provided by Operation FOB Paradise.org

After Operation FOB Paradise receives a completed and eligible Vacation Application form and based upon the number of vacations that Operation FOB Paradise elects to grant during the next rolling 12-month period, the President of Operation FOB Paradise will make a recommendation to the board as to the granting of a vacation for a wounded soldier and his spouse and or immediate family member(s).

The granting of a vacation shall require at least 4 positive votes of the current 6 members of the board of directors. If the board expands to a number greater or less than 6, it shall require a 51% approval of the board of directors.

Operation FOB Paradise will seek out eligible soldiers through referrals from previous vacation recipients, VA personnel, active duty Military personnel and direct contact with injured soldiers that we become aware of through a variety of sources.

New OFP Vacations will be considered subject to budgetary constraints on a quarterly basis.
